

ACS-Flatiron Clinical Trials Technology Research Impact Award (CTTRIA)

Letter of Intent (LOI) Instructions

LOI Due Date: March 17, 2025, 11:59 PM EST

LOIs must be submitted electronically via ProposalCentral. Complete all required fields online and upload the required attachments. Required Materials and Information

Required Materials and Information

Note: All attachments must be uploaded in .pdf format.

1. **Biosketch for the PI**

The Biographical Sketch *may not exceed five pages*. The PI may use the provided template or the NIH template.

2. **Description of the Proposed Project**

Limit: Approximately 3 pages, 10,000 characters maximum, including spaces.

Complete in the designated field on ProposalCentral. The description should include the following information:

- Background for the research question
- Specific aims and relevant hypotheses
- Research plan, including study design, outcomes, and analytic approach
- Expected significance and impact (i.e., does this project address how interoperable technology affects the efficiency and conduct of cancer clinical trials?)

3. **Extent of Involvement with Clinical Pipe™**

Limit: No more than 1 page, 3,000 characters maximum, including spaces.

In the designated field on ProposalCentral, briefly describe whether the site currently uses and/or plans to install Clinical Pipe™. Applicants may also include in this field a list of any questions/issues concerning Clinical Pipe™ they would like to address with ACS or Flatiron to aid in developing an application. The list of questions will not be used to evaluate the LOI.

Troubleshooting: If you have problems accessing or using the electronic application process, click on "Help" or contact ALTUM Customer Service at pcsupport@altum.com or 1-800-875-2562.

Program Contact: Joanne Elena, PhD, MPH at joanne.elena@cancer.org
